

March 30, 2015

Greetings!

In an effort to best serve all of our Hightower High School (HHS) students and in response to our parent/student requests, the district has extended the course selection window for HHS in Family Access. Please log in soon to make any final corrections necessary to your student course requests for 2015-2016.

Counselors are available to work with students and parents through this process to help ensure students are selecting the correct courses to meet their needs and graduation requirements. This week the counselors are focusing on current Junior students, but will be working with all grade levels.

A couple of notes to consider:

- a) No Study Hall will be offered in 2015-2016
- b) If a student plans to attend summer school, the class(es) still must be entered for course selection in 2015-2016. Once summer school grades are received, the counselor will refer to the student alternates for course replacement.

Please use this time to log in to your student account in Family Access to make any changes needed. We look forward to working with you all through this time of change to help every student be successful!

Regards,

Counseling Team
